

Baal Mela 2023

“Children are like buds in the garden and should be carefully and lovingly nurtured.” - Pandit Jawaharlal Nehru

Fondly called Chacha Nehru, the first Prime Minister of our country felt that the children are the real strength of a country and the very foundation of the society. As a tribute to him and his love for children, his birthday is celebrated as the Children's Day all over India.

We at Santa Maria, also believe in spreading love and happiness among our little ones. So, to celebrate this occasion we organized a Baal Mela for Nursery and KG children on the 30th of November.

The day started as the children gathered in the field. After a short briefing all the classes came out with their representative's.

The Baal Mela offered various activities at different corners which were designed keeping in mind the theme of the month. Story corner, games corner, engineer's workshop and photo booth corners were created for children to engage meaningfully. As they moved from one group to another they participated in team building activities with a different experience in each corner.

Games corner

Engineer's Workshop

Puppet Theater

Photo booth

Each group of children, started their activities at different corners. After completion of each activity they to moved on to another corner with their group.

They were amused to go round in this manner. Their excitement and enthusiasm was a source of motivation for us as teachers. It was heart warming to see the joy with which the children were engaged in the activities. They enjoyed spending time at every corner. Here are some glimpse of the event.

Warm-up activities and Energizers

Last but not the least, Thank you parents for volunteering and helping us in the smooth execution of the event and for always supporting the school in all the endeavors.
